Dear Sirs,

Re: U.S.A. Patent Application No 10/516509  
National Phase of PCT Application No PCT/AU03/00698

Our Ref: 3703

I write in response to the Official Action mailed on 25 January 2007 with a response due one month later on 25 February 2007.

It is noted 25 February 2007 was a Sunday and so this reply is timely as it will be received on Monday 26 February 2007.

I understand the Official Action issued because the listing of claims did not include claims 1 to 32, which have been cancelled. I presume the listing in relation to the other claims is acceptable.

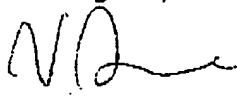

The following are attached:

1. Revised claims.

The revised claims now include a line stating that claims 1 to 32 are cancelled.

I look forward to receiving a favourable response.

Kind regards,

Vimala Sarma
